My name is ~~Timothy~~ ~~Thomas~~ ~~Glover~~ ~~my~~ ~~birthdate~~ is ~~1949~~. I'm writing this statement for James Abbott who has advised me that he represents Gordon McKee. I understand I am making this statement of my own free will.

Here are some of Thomas Glover's personality flaws that I've seen first hand over a period of 5 yrs.

Thomas Glover is a compulsive liar who can tell a lie and stick to it till his end. He molded stories to fit his needs and tried to get what he wanted. Only just before the trial in '99 did Thomas tell me about any abuse by McKee. He never told me anything about Robbie Collett. Thomas is a manipulator and drama queen. I don't believe he was or has ever been abused. After 1989 Thomas continually stated he was going to get even with the church. Thomas never ever forgets anything especially his memory. His life is & always will be ruled by sex & jealousy. McKee was a disciplinarian figure in Thomas' life not an abuser. He felt that McKee was responsible for all the troubles in his life. He was extremely jealous of his of his brothers to the point of anger and their relationship w/ McKee. He made up a lie about a sexual encounter at Diddlers

Park. He wanted to testify at trial as other boys were abused he stated. I know he lied at trial about the assault in the history as in the trial it was brought out that the check was not purchased until years later. When I confronted him about this he stated "that's what they wanted" "it fits". He was medicated for trial with ^{Valium} Prozac, Risperidone + whatever was prescribed at the local hospital in Keene for anxiety. Because of gaps in testimony and many lies marriage what postponed until Thomas cleaned up some issues, Thomas claims the lie he told at Herby Lodge accusing his step father, foster father & Clergyman was a misunderstanding when confronted by his father Elmer Jones and then apologized. He after receiving the settlement money from the church displayed the cash money in pictures. He also knew I know he was lying to and manipulating Pauline Joplin during their therapy sessions.

This is true + accurate to the best of my memory
